4 CURRENTLY AMENDED 38. I claim a game for at least one player comprising the steps of:

5 a) preparing at least one first deck of cards representing the possible outcomes from a dice
6 means for determining a random number between a predetermined minimum and a predetermined
7 maximum;

8 b) preparing at least one second deck of cards representing the possible outcomes from a dice
9 means for determining a random number from a predetermined minimum and predetermined
10 maximum;

11 b c) providing at least one first wager location and at least one second wager location for
12 accepting a wager on at least one statistical event associated with the random generation of dice rolls
13 according to a set of rules based on statistical odds of the occurrence of specific dice rolls;

14 c d) accepting at least one wager on the at least one first wager location;

15 d e) selecting at least one first card from the at least one first deck at random using an
16 electromechanical playing card handling apparatus for randomly shuffling and dealing the at least
17 one of said cards;

18 e f) displaying the at least one first card;

19 f) displaying the at least one first card;

20 f g) satisfying wagers if the at least one first card matches the at least one statistical event[.];

21 h) accepting at least one wager at least one second wager location;

22 I) selecting at least one second card at random using an electromechanical playing card
23 handling apparatus for randomly shuffling and dealing the at least one second card from the at least

1 one second deck;

2 j) displaying the at least one second card;

3 k) satisfying the at least one second wager if the at least one second card matches the at least
4 one statistical event.

5 CURRENTLY AMENDED 39. The game of claim 2 38 wherein the at least one first deck further
6 comprises at least one third deck of cards representing the outcome from a dice means for
7 determining a random number between a predetermined minimum and a predetermined maximum
8 and wherein the step of selecting at least one first card at random further comprises selecting at least
9 one first card at random using an electromechanical playing card handling apparatus for randomly
10 shuffling and dealing the at least one first card and selecting at least one second first card from the
11 at least one third deck of cards using an electromechanical playing card handling apparatus for
12 randomly shuffling and dealing; and wherein the step of displaying further comprises the step of
13 displaying the at least one first card second card and wherein the step of satisfying wagers comprises
14 the step of adding the at least one first card and at least one second first card together to determine
15 if the at least one statistical event has occurred. the step of preparing at least one second deck of
16 cards representing the outcome from a dice means for determining a random number between a
17 predetermined minimum and a predetermined maximum and wherein the step of selecting at least
18 one first card at random further comprises selecting at least one second card at random using an
19 electromechanical playing card handling apparatus for randomly shuffling and dealing the at least
20 one second card and wherein the step of displaying further comprises the step of displaying the at
21 least one second card and wherein the step of satisfying wagers comprises the step of viewing the
22 at least one first card and at least one second card together to determine if the at least one statistical
23 event has occurred.

1 40. The game of claim 39 wherein at least one statistical event is determined from the statistical
2 events utilized in playing a game from the group comprised of 1) a traditional craps game, 2) a Four
3 The Money game, 3) a high roller of the month game, 4) a high low craps, and 5) a roulette game.

4 First Amended 41. The game of claim 40 wherein the first set of cards and ~~second~~ third deck set of
5 cards represent the possible outcomes with a first and second dice having 6 sides.

6 42. The game of claim 38 further comprising at least one special card which represents an object
7 other than a number between the predetermined minimum and predetermined maximum and
8 wherein the display of the special card provides a bonus to the wager.

9 43. The game of claim 42 wherein the bonus is from the group consisting of (1) allowing the player
10 to pick any number from at least one number between the predetermined minimum and
11 predetermined maximum for the value of the special card, (2) providing a multiple payout on wagers,
12 (3) providing a special payout not related to a wager on the occurrence of the special card, (4)
13 providing a special payout related to a wager on the occurrence of the special card, (5) triggering an
14 event to select an additional play, and (6) triggering an event to randomly select an additional
15 amount.

16 44. The game of claim ~~43~~ 42 wherein the special card also bears a number between the
17 predetermined minimum and pre-determined maximum.

18 CURRENTLY AMENDED 45. The game of claim 38 wherein the step of selecting further
19 comprises the step of selecting at least one first first card and at least one second ~~first~~ card and
20 wherein the at least one first card and at least one second card each represent a dice roll and wherein
21 the step of displaying further comprises a) preparing a table with a plurality of card locations
22 comprising at least one first card location and at least one second card location for receiving the at
23 least one first ~~first~~ card and the at least one second ~~first~~ card;

1 b) dealing the at least one first card and the at least one second card to the at least one first
2 card location and at least one second card location respectively; to the plurality of card locations;

3 c) allowing the at least one player to select a location from between the at least one first card
4 location and at least one second card location; at least one of the plurality of spaces;

5 d) displaying the card in location ~~the at least one space~~ selected by the at least one player.

6 CURRENTLY AMENDED 46. The method of claim 45 39 wherein the step of selecting further
7 comprises:

8 1) preparing a table with a plurality of card locations for receiving at least three cards from
9 each deck comprising a first card location, a second card location and at least one third card location;

10 m) dealing at least one first first card at lest one second first card and at least one third first
11 card to the plurality of card locations;

12 n) allowing the at least one player to select two of the plurality of card locations and not
13 select at least one of the plurality of card locations to select two play cards; and

14 o) adding the two play cards to determine the outcome. further comprising the step of
15 allowing the at least one player to select at least two of the plurality of spaces.

16 CURRENTLY AMENDED 47. The game of claim 39 46 wherein the step of viewing further
17 comprises comprising the step of removing and reshuffling the at least one first deck of cards and
18 dealing at least one first second card and at least one second second card and at least one third
19 second card from the at least one second deck of cards to the plurality of card location;

20 b) allowing the at least one player to select at least two of the plurality of card locations and
21 not select at least one of the plurality of card location so as to select at least two play cards;

22 c) adding the two play cards to determine a dice roll outcome. adding the at least one first
23 card and at least one second card to determine the resulting total.

1 CURRENTLY AMENDED 48. The method of claim 38 further comprising repeating steps b c
2 through f k until a predetermined target number is generated as the statistical event.

3 CURRENTLY AMENDED 49. The method of claim 39 40 wherein the at least one first deck
4 comprises a first first deck and a second first deck and the at least on second deck comprises a first
5 second deck and a second second deck and wherein the step of selecting comprises selecting a first
6 card from the first first deck and a second card from the second first deck and selecting a first card
7 from the first second deck and a second card from the second second deck and adding the first and
8 second cards from the first and second decks to get an outcome from each deck. ~~step of selecting~~
9 ~~comprises selecting a first card from the first set of cards and a second card from the second set of~~
10 ~~cards.~~

11 50. The method of claim 38 further comprising the steps of (1) marking the value of the at least one
12 first card with an electronically readable value, (2) electronically examining the cards to locate the
13 marking, and (3) electronically displaying the value.

14 51. The method of claim 38 wherein the step of preparing further comprises marking cards with at
15 least two colors; and wherein the step of accepting further comprises the step of accepting wagers
16 on the occurrence of a particular number or a group of numbers or a color.

17 NEW CLAIM 52. The method of claim 38 wherein the handling apparatus in step (I) further
18 comprises at least one second handling apparatus.
